## Teach English overseas

Imagine spending your gap year working in exotic locations while wandering the Vietnamese markets, sipping coffee in a Paris café or climbing the Great Wall of China. This is not limited to your gap year – an ATA TESOL certificate gives you the freedom to travel and work overseas with support, whenever you want, for the rest of your life.

Most non-English speaking countries need teachers with and without degrees to help them master English conversation, so get a certificate that is recognized around the world and lasts for a lifetime. Free seminar - Tuesday October 27, 6pm ATA TESOL College

Level 5, 55 Swanston Street, Melbourne

## Eurail pass

Taking a Eurail pass around Europe has been the most popular method of moving students between European cities for decades. In fact the Eurail pass is celebrating its 50 year anniversary in 2009.

The features of a Eurail pass include the flexibility of traveling when you want to, and city centre to city centre travel avoiding congested motorways. However most people simply rate meeting people as one of the best parts of traveling and a Eurail pass ensures you'll bump into a heap of people, from locals telling you the best things to do and fellow travelers from all over the world.
