

Camp America

August 1 marks the start of the Camp America season with CA team travelling around the country to hold their infamous info nights. Last year 400 people attended their Frankston and Melbourne events and this year they expect a record turnout. "Melbourne loves Camp America," says Erin from Camp America. "It's where we started in 1972 so everyone knows someone who has done Camp America." Kyle is a passionate CA fan. "I made amazing friends and travelled across America. I've done Camp America two times but I'm thinking about number three." For Info Nights details campamerica.com.au
