

Graduation visa

If you're a current international student in your final year of study, you can apply for a 485 visa (Temporary Graduate visa) once you graduate. A 485 visa allows you to stay in Australia to live, travel and work after completing your studies. Current international students must meet the two year Australian study requirement in the last six months.

Part of the requirements for the 485 visa is that the applicant must purchase health insurance and hold it for the duration of their visa.

IMAN Australian Health Plans is a trusted provider of 485 visa health insurance and is a proud subsidiary of nib health funds limited, one of Australia's fastest growing health funds with over 900,000 customers. All IMAN products meet the Department of Immigration and Citizenship (DIAC) requirements and a visa letter will be provided to you upon joining.

IMAN has a range of products to suit

all life stages- singles, couples or families and cover starts from just \$79.99 per month (Budget Visitor Cover, singles price). Enjoy peace of mind knowing that you are covered for the cost of hospital visits to a public or private hospital with no excess for hospital admissions. All products also provide emergency ambulance cover with no annual limit and medical repatriation if needed to your home country. The Mid, Top and Executive Top products provide you with cover for a range of extras such as physiotherapy.

For further information about IMAN's range of products for the 485 visa, visit the IMAN website austhealth.com. or ring 1800 22 11 33 (Monday to Friday 8.30am – 6.00pm (AEST)).

If you're looking to learn more about the 485 visa requirements, visit the Department of Immigration and Citizenship website immi.gov.au/visas/students/485/.
